Why Were The Items Distributed Here? What Are The Greatest Needs In This Community?

The women's shoes were taken to the communal pot called Blessed by Christ, located in Zone 4 of Nueva Esperanza in Villa Maria del Triunfo in Lima. This place is in a vulnerable state and with many precariousness, the people here live on the hill exposed to a lot of humidity due to a climate that in winter creates excessive fog, causing various types of respiratory illnesses, especially in children. Many diners attend this communal pot, the cost for a portion is 3.50 soles and in the economic context of our country it is very affordable for Peruvians.

Before his medical condition, he worked on the streets on a tricycle, buying scrap metal to later resell it to a company. He suffered an accident when he fell off a truck and was hit by another vehicle. His friends took him to the "Sembrando esperanza" house because he needed help with food, medicine, and a place to sleep.
