Antenatal, Maternity, under five service, treats common diseases and attends to clinical cases. The theatre and X-ray department do not work as there is not equipment and machines. The lab is also limited to a few tests.

Describe The Types Of Needs The Hospital/clinic Has.

The hospital medical equipment like X-ray machines, Scan machines, ventilators, suction machines, patient monitors, theatre equipment and general medical supplies.

How Did This Donation Meet These Needs And Make A Lasting Impact?

We donated surgical masks when they had run out of them. We found not one wearing one. They were very grateful that now they felt safe.

Please Provide A Quote From The Doctor/medical Staff About How They Feel After Receiving This Donation.

Micheal Lungu the Bio-technician said, "Thank you very much for the donations. We needed all these things you brought and much more. This is a new hospital far from town. We don't have a lot of things. We even feel safe now that we have these masks. Once more thank you very much."
