What Was The Crisis And When Did It Take Place?

The conflict in eastern DRC has been going on for many years but Paula and her spouse have been in the camp since Early 2025

Describe The Types Of Needs This Individual Has.

Apart from food, The main need of this family was health care assistance as the children were often sick.

How Did This Donation Meet These Needs And Make A Lasting Impact?

YWAM Rice donation to the camp has Brought a long lasting impact to the feeding program of this camp to a tangible level as they spent months using the Rice container we gave them. Which was even a break to the camp responsibilities to look for food support to the people they serve.

Please Provide A Quote From The Individual About How They Feel After Receiving This Donation.

We left everything we had behind and we fled our home with nothing. We are now here suffering. We only get 5kg of maize flower, 1.8kg of peas and 1 cup of oil per person per month. My wife's father died while we were running for our lives. I do not plan to go back to Congo. I want to start a new fresh life in Burundi but I don't have any means for that. However, we are truly grateful for this donation today! We are happy someone remembered us and we pray that many more like you may be coming to assist us. This gift will help us live a better life for a few weeks. Thank you! " - Paula's husband (Paula can barely speak).
